ACTIVITY REPORT

| Date and Time	25-11-2022 at 2.30PM
Name of Activity	A Webinar on "Wireless Sensor Networks and Applications"
Type of Activity	Learning Job opportunities in wireless Sensor Netwoks and Applications.
Target Audience	All Semester CSE Branch students
Number of Audience	105
Activity In-charge	Prof. N.K.Honnagoudar

About the Activity:

A Webinar on **"Wireless Sensor Networks and Applications "** was organized for all the students of CSE branch by Students and Teachers Association of Computer Science & Engineering (STAC), HIT, Nidasoshi. Objective of this event was to give awareness among students regarding carrier job opportunities in Wireless Sensor Networks and Applications. The Resource persons for this Webinar Event were Dr. M .C. Sarsamba Associate Professor Dean Academic V.S.M,s SRKIT Nippani, During the session resource person explained the basic requirement to get the job opportunities in corporate world, and later he explained in detail regarding different skill requirement and how students can develop themselves in the area of Wireless Sensors and Applications and grab the jobs in corporate sector.

During this Webinar Event there was question and answering secession, where many students asked lot of questions regarding job opportunities in Wireless Sensor Networks and Applications in IT Industries. The resource person clarified all the queries from the students. The secession was very useful to the students, wherein students understood how to grab the job opportunities in corporate sector. A total of 105 all Semester CSE Branch Students attended the event and got benefitted.

Sl. No.	Objective of the Activity	Relevance to POs / PSOs
1	To Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.	PO5 PSO1,PSO2
