

## FROM THE PRINCIPAL'S DESK

HSIT has grown through leaps and bounds in the past two decades providing professional and high quality education through its originality of conception, excellence visual presentation & ommitment to accuracy. Pertaining to this, HSIT has been acknowledged with numerous awards from various other institutions, enterprises and well wishers. HSIT students participated & won prizes in numerous technical events conducted by various premier organizations. The institute organized "International Conference on Recent Innovations in Engineering Science and Technology (ICRISET-2018) on 18<sup>th</sup> & 19<sup>th</sup> May, & about 73 technical papers have been presented in the conference. It is a reflection of the college initiation in the overall growth of the students. Our students Mr. Kartik Magadam bagged gold medal in inter university yoga competition & Shweta Hirenayakar & Kartik Magadam are recognized as university blue. Also they have participated in All India Interuniversity Yoga Competition conducted at Bhuvaneshwar (Odisha). In men and women team events, our students have secured third place under VTU Zone. I congratulate HOD Dr. B M Shrigiri, Members of editorial board, the staff and the students for bringing out the news letter. The current issue of this news letter will take you through the outstanding achievements and activities of the semester. The Institution welcomes feedback and suggestions from readers.

**Dr. S. C. Kamate**

## FROM HOD'S DESK

There are many measures that can be used to assess the quality of an academic department. In this issue of the news letter for the year 2017-18, we shine a spot light on most of the most important events which gauge our success in the department of Mechanical Engineering. The achievement of nearly 500 students who are actively perusing the degree is highlighted here. This news letter showcases some of the student's impressive academic results, their out to reach to the community, their honor, awards and their hopes of the future. I hope you will be inspired by these student's ambitious and incredibly deserve accomplishments and that our students continue to exceed expectations. These outstanding students truly represent the success stories of tomorrow. Our faculty section of this newsletter highlights the faculty members innovative courses and leading edge research that are expanding our capabilities in the existing area such as Thermal Engineering, Material Science, Alternative Energy, CAD/CAM, Robotics and Design Engineering

**Dr. B. M. Shrigiri**

## FROM CHIEF EDITOR'S DESK

I am indeed very happy and proud about the latest developments and programs in the department. News letter acts as a communication channel among the alumni, faculty, students and experts in Mechanical Engineering Department. I am very much grateful to the Management, Principal, Staff and Students for their continuous encouragement, inspiration and support extended for the release of this "News Letter-2017-18". I wish all the best to the readers.

## ABOUT DEPARTMENT

The Department of Mechanical Engineering was established in the year 1996 with an intake of 60 students and enhanced to an intake of 120 in the year 2012. The department has qualified and experienced teaching faculty with state of the art infrastructure and modern teaching aids catering to the needs of VTU curriculum.

Mechanical Engineering Department offers courses and laboratory training in the area suitable for the current needs. The department takes up the technical problems of industries as final year students' projects & offers solutions. Many students' projects received appreciation and awards.

In its 21<sup>th</sup> year of fruitful existence, the institution is planning for P G Courses and Research Centers in every department year after year. As an outcome of this initiative a P G Course M Tech (Thermal Engineering) in the Department of Mechanical Engineering has been sanctioned by AICTE for the academic year 2014-15. The first batch has received their master degree, also got an approval for Research Center in MED, EEE, ECE & Chemistry Departments from VTU, Belagavi.

## VISION

To be the center of excellence in providing education in the field of Mechanical Engineering to produce technically competent and socially responsible engineering graduates.

## MISSION

Educating students to prepare them for professional competencies in the broader areas of the Mechanical Engineering field by inculcating analytical skills, research abilities and encouraging culture of continuous learning for solving real time problems using modern tools.
