STUDENTS FEEDBACK ON CURRICULUM

Name of the Student :	
Name of the Department :	
Name of the Course :	
Academic Year :	

This questionnaire is intended to collect information relating to your satisfaction towards the curriculum, learning and evaluation. The information provided by you will be kept confidential and will be used as important feedback for quality improvement of the program of studies/institution,

Directions: A score for each item, please indicate your level of satisfaction with the following statement by choosing between 1 and 5.

Excellent (5)	Very Good (4)	Good (3)	Average (2)	Poor (1)
---------------	---------------	----------	-------------	----------

Sl.No.	Statements	Excellent	Very Good	Good	Average	Poor
1.	How do you rate the syllabus of the courses that you have studied in relation to the competencies expected out of the course					
2.	How do you rate the allocation of the credits to the courses?					
3.	How do you rate the offering of the electives in terms of their relevance to the specialization streams?					
4.	How do you rate the electives offered in relation to the Technological advancements?					
5.	Rate the Size of syllabus in terms of the load on the student.					
6.	How do you rate the evaluation scheme for each of the course?					
7.	How do you rate the objectives stated for each of the course?					
8.	How do you rate the percentage of courses having LAB components?

Senior Exit Survey Form

Dear Graduating Senior:

We congratulate you for successfully completing your B E (CS Engg.) Degree from the portals of this Institution. We keep cherishing your interactions and involvements in the events and activities of our Department. Now, we seek your valuable feedback as an alumnus of the Electrical & Electronics Engineering Program. Kindly spare a few minutes to describe your educational experience in the Campus to help us continually improve the program curriculum and provide quality education year after year.

Personal Information

Name (in full)	
University Seat Number(USN)	
Email-id	
Contact number	
Mailing address	

1. In overall, how far have you been satisfied with your education in the Department of Computer Science and Engineering? Please tick (√) the right one

Satisfied	Neither Satisfied or Dissatisfied	Dissatisfied

2. Provide your comments about your education in HIT Campus.

3. We strive to inculcate 12 Program Outcomes (POs) and 2 Program Specific Outcomes (PSOs) in each of our outgoing Computer Science and Engineering Graduate. Please Indicate your appreciation level on each one of the following on a scale of 1 to 3 as Defined below.

3 =High

2 = Medium

1 = Low

POs / PSOs	Please rate the extent to which the following POs / PSOs were achieved during your stay in the Campus	3	2	1
PO1	Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems			
PO2	Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences			
PO3	Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations			
PO4	Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions			
PO5	Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations			
PO6	The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice			
PO7	Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development			
PO8	Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice			
PO9	Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings			
PO10	Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions			
PO11	Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments			
PO12	Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change			
PSO1	Understand, design and analyze computer programs in the areas related to Algorithms, System Software, Web design, Bigdata Analytics, Machine Learning and Networking.			
PSO2	Make use of modern computer tools for creating innovative career paths to be an entrepreneur and desire for higher studies.			

4. Have you any plan for higher education? Please tick (√) the right one. YES /NO

5. Would you like to suggest any other additional resource/training that could be offered to Computer Science and Engineering Graduates? Please specify.

6. Please record your suggestions to improve Computer Science and Engineering Program.

We hope the years you have spent with us have enriched your life and provided you with the foundation for a successful career. Please stay in touch with us

We wish you a bright future, successful career, and a contented life.
