

# RESUME

## RESIDENTIAL ADDRESS

**Dr. Parashuram Baraki**

**Professor & HOD**

Department of Computer Science & Engineering

**Hirasugar Institute of Technology**

Nidasoshi-591236

Karnataka

**PHONE-NO:** 96860 42385

**E-MAIL:** [parashuram.baraki@gmail.com](mailto:parashuram.baraki@gmail.com)

## OBJECTIVE

To be associated with a progressive organization that provides opportunity to contribute towards the growth of the organization and also to apply my knowledge and skills in accordance with the latest technologies.

## EXPERIENCE [16 Years]

1. Working as **Professor & HOD** in HiraSugar Institute of Technology, Nidasoshi from **23<sup>rd</sup> June 2017 to till date.**
2. Worked as **Assistant Professor** in GM Institute of Technology, Davanagere from **01.07.2016 to 30.06.2017.**
3. Worked as **Associate Professor** in Smt. Kamala & Sri Venkappa M Agadi college of Engineering and Technology (SKSVMACET), Lakshmeshwar from **01.01.2015 to 30.06.2016.**
4. Worked as **Assistant Professor** in GM Institute of Technology, Davanagere from **01.05.2007 to 19.11.2014.**
5. Worked as **Lecturer** in GM Institute of Technology, Davanagere from **01.09.2003 to 31.04.2007.**
6. Worked as **H.O.D** in S.G.R.K.S. College of Information Technology, Harihar from **01.08.2001 to 30.08.2003**

## ACADEMIC PROFILE

Course	Institution/University	Qualifying Year	Percentage	Results
<b>Ph.D</b> (CS&E)	Jain University Bangalore	2017	-	-
<b>M. Tech</b> (CS&E)	Bapuji Institute of Engg & Technology, Davanagere	2007	77.20% (Gold Medalist)	First Class with Distinction.
<b>BE</b> (CS&E)	STJ Institute of Technology, Ranebennur	2001	73.00 %	First Class with Distinction

<b>XII std</b>	DRM Science College, Davangere.	1997	68.16%	First Class
<b>X std</b>	M.K.T.High School Harihar	1995	78.75%	First Class

## RESEARCH WORK

### PhD Guide:

**Dr. V. Ramaswamy**, Professor and Head Department of Computer Science & Engineering, SRC Sastra University, Kumbakonam, Tamilnadu and Former Principal, Bapuji Institute of Technology, Davanagere, Karnataka.

### A Brief Write Up of PhD Work

#### **Title of work: Bio-Metric Authentication System: Innovative Approaches using Dynamic Gestures**

Authentication is a process from which a valid user can access services from a system. Providing access to only authenticated persons to use the service is getting tougher nowadays because the intruders can collect information of the person and based on that they may break the security of the system. Security to a system can be provided using various methods. The types of security system are password based systems such as ATM machines, internet banking etc., physical based security systems such as RFID, Id cards etc. and biometric based systems such as iris recognition, face recognition etc. In password based security system, a user can get access to service if and only if the password matches accurately. Normally a user will set password based on his/her personal information such as birth place, favourite person, lucky number etc. If all these information are collected by an attacker then it is possible to easily bypass the security barrier. In a physical based security system, user will provide information using physical devices such as Bluetooth or any other approved cards but this also poses some kind of insecurity problem and these types of security can easily be stolen by an attacker. In biometric based systems, static information is used while accessing service from a system. There is a chance of stealing the stored database from the attacker. To overcome from these issues, we are attempting an alternate solution in biometric based system using dynamic gestures. The dynamic gestures include occluded faces, segmented faces, mouse patterns, hand gestures and online signatures. In 3D face occlusion, we can authenticate a person even though part of the face is occluded. Segmented part of the face such as eyes, nose and mouth feature are extracted using haar transform which provide higher degree of accuracy in face detection and recognition system. We can authenticate a user based on the dynamic mouse gesture which

includes mouse movement and pattern drawn by the user. Dynamic hand gesture authenticates a user using the gestures provided by him/her using an accelerometer. User will be authenticated based on axis, direction and angle of gestures drawn. In dynamic online signature, a user is authenticated based on speed of the signature drawn, pen angle, muscle movement etc. To enhance the level of security, we are combining two authentication systems such as dynamic hand gestures and online signature. User will have access to the system if and only if input of both systems are matched. The results of above modules are generated using MATLAB tool, Visual Studio and OpenCV C++. It is also proved that the approach provides the best results.

---

## ACADEMIC PROJECTS UNDERTAKEN

1. Graphical Simulation of Data Structure
  2. Students Information through C.
  3. Data Compression.
  4. E-File Manager.
  5. G-Mail Notifier.
  6. Radio Frequency Identification (RFID).
  7. GPS Based Location Tracking System.
  8. Online data acquisition through mobile/system.
  9. i-Care Health Monitoring System.
  10. Smart Traffic Control System.
  11. Online Bus pass reservation system
  12. Graphical Based Security for Authentication
- 

## PROFESSIONAL PROFILE

### Subjects Handled:

1. Computer Concepts and C programming
2. Data Structure with C
3. Object Oriented Programming
4. Unix & Shell Programming
5. Discrete Mathematical Structure
6. Design and Analysis of Algorithm
7. Finite Automata & Formal Languages
8. Operating System
9. Computer Network
10. System Software
11. Compiler Design
12. Computer Graphics
13. Principal of Programming Languages
14. Data Compression
15. Object Oriented Modeling and Design
16. System Modeling and Simulation

## TRAINING/WORKSHOP ATTENDED

Sl. No	Name of training/workshop	Year/Duration	Organizers
1	NBA-SAR Filling & Preparedness for Assessment	15 <sup>th</sup> Sept to 17 <sup>th</sup> Sept 2017	HIT, Nidasoshi
2	Outcome based education (OBE) & Outcome based accreditation (OBA) for NBA	10 <sup>th</sup> & 11 <sup>th</sup> Feb 2017	GMIT, Davanagere
3	LATEX	22 <sup>nd</sup> & 23 <sup>rd</sup> July 2016	GMIT, Davanagere
4	Accreditation Process for Technical Institutions	26 <sup>th</sup> & 27 <sup>th</sup> August 2016	JSSATE, Bengaluru
5	ARM Processor & Its application	27 <sup>th</sup> Dec 2016	GMIT, Davanagere
6	The magic of making teaching effective	13 <sup>th</sup> & 14 <sup>th</sup> Feb 2016	SKSVMACET, Lakshmeswara
7	Research Retreat	2012/Two Days	Jain University, Bangalore
8	IBM Think-Explore Evolve(T2E)	2011/One Day	IBM, India
9	Cloud Computing	2010/One Day	VMWARE Software India Pvt. Ltd with CSI
10	Foundational Computer Science Courses- An Industry Perspective	2005/15 Days	Infosys Technologies, Bhubaneswar
11	Power Linux Unleash the full Potentials of LINUX	2004/15 Days	B.I.E.T Davanagere

## PAPERS PUBLISHED IN NATIONAL/INTERNATIONAL JOURNALS

1. Parashuram Baraki, Dr.V.Ramaswamy, "Biometric Authentication of a User using Online Dynamic Signature", published in **IEEE Xplore** on 27<sup>th</sup> April 2017, DOI: 10.1109/ICATCCT.2016.7912066

Total No of papers published in International Journal: 08

National Journal: 02

Total No of papers presented in International Conferences: 05

National conferences: 03

## OTHER INFORMATION

### University level responsibilities handled:

1. Attended BOE’s Meeting and Confidential work held at VTU Belgaum.
2. Worked as flying squad, External DCS(Theory), External examiner(Practical) and Valuator for VTU exam.

### College level responsibilities handled:

1. Worked as Dean **Academic** for SKSVMACET from 01.09.2015 to 30.06.2016 and also acted as **chief coordinator for NBA work**.
2. Worked as **Dean Academic** for GMIT from 01.09.2013 to 19.11.2014.
3. Act as **Coordinator** for conducting two days National level technical fest at GMIT Davanagere in 2014.
4. Worked as **Staff Secretary** at GMIT for one year.
5. Worked as **Asst. Placement Officer** at GMIT for two years.

### **Department level responsibilities handled:**

1. NBA coordinator
2. Workshop coordinator
3. ISO Coordinator
4. Project Coordinator
5. Time Table Coordinator
6. Academic Coordinator

---

### **STRENGTHS**

- Self confidence
- Practical and positive thinking
- Dedication to committed work

---

### **ACHIVEMENTS/AWARD**

1. Secured “**GOLD MEDAL**” from Bapuji Institute of Engineering and Technology, Davangere for having consistent performance in all the semesters marks of Visveswaraya Technological University examination of M.Tech in **Computer Science & Engg.**
2. **Secured Best paper presentation award at National conference** held at SRC Kumbakonam Sastra University, TamilNadu on 25<sup>th</sup> March 2016.
3. **Secured IBM Excellence award for Best Project Guide in 2013.**
4. Recognized as Bronze level partner faculty in Infosys Campus connect programme for the year 2013.

---

### **PERSONAL INFORMATION**

1. Date of Birth : 02.06.1979
2. Marital Status : Married
3. Father’s Name : Channabasappa Baraki
4. Languages Known : English, Kannada, & Hindi

---

### **EXTRA CURRICULUM ACTIVITIES**

- Sports : Cricket, Shuttle & Throw-ball
- Hobbies : Listening to Music, Reading New Papers
- Other Information : Completed NCC „A” Certificate.  
Completed “Hindi Pandeeth”, Praveena Examination from Dakshina Bharat Hindi Prachar Sabha, Madras.

**Dr. Parashuram Baraki**
