Students & Teachers Association of Computer Science & Engineering

FROM PRICIPAL's DESK

I am very happy to learn that the faculty and staff members of the Department of Computer Science and Engineering have consistently bringing out the Department's News Letter very successfully. A Departmental News Letter helps in showcasing the activities done and the achievements made by the students, faculty, and staff members. It also proves to be a compendium for the future reference. Above all it helps in motivating and encouraging one and all in the Department to do more and more and to achieve more and more. I am confident that the Dept. of CSE will continue this tradition and keep aloft the flag of the Dept. as well as of the Institute. I am pretty sure that the forthcoming issue will contain rich and vital inputs and I wish the same every success.

Dr. N. C. Hiremath
Principal, HIT Nidasoshi

FROM HOD's DESK

Greetings from the house of Hirasugar Institute of Technology......

To begin with, I would like to congratulate the editorial members of this newsletter for having taken much effort in bringing out excellent articles and organizing it in a systematic manner. Our college is one of the premier Institute, unique like a prism reflecting the manfold shades of learning and co-curricular activities. Hirasugar Institute of Technology is striving hard towards the goal of providing Innovative and Quality Education with high standard to achieve academic excellence. The university results declared for last semester have been good and shown a rising trend due to untiring efforts of our faculty and supporting staff.

I wish all the students and faculty a great academic year.

Shri. S. V. Manjaragi
HOD CSE, HIT Nidasoshi

FROM CHIEF EDITOR's DESK

I am obliged to present the fifth volume of newsletter News@CSE.HIT Vol. 6 named as "Happenings!" on the auspicious occasion of "ATISARGA 2K15". This is an encouraging platform which explores the para-excellent achievements of ever dynamic faculty & energetic students of CSE in co-curriculum and extra-curricular interacting events. I hearty thank our beloved Principal, and enthusiastic HOD for their long lasting support. I also thank the staff and students of CSE whose magnetic support made me to present this newsletter before you.

"No seed ever sees the flower".

ABOUT THE DEPARTMENT

The Computer Science and Engineering Branch was started in the year 1996 so as to provide the students with analytical, design & communication skills necessary to build computing. It is housed in total area of 1206 Sq. Meters. The Department has, grown by leaps & bounds within these years, with active support from the Board of Management and Principal to pursue Research and Development activities along with continuous development in Infrastructure.

The Department has young, motivated, committed and enthusiastic staff members. The Department has well equipped laboratories like Computer Programming Lab, System Lab, Microprocessor Lab, Algorithm Lab, Web Programming Lab and Computer Center with latest configuration and licensed software which provide excellent facilities for learning. "8Mbps leased line 1:1 internet connection with secured Wi-Fi available in entire campus.

The Department also guarantees technical talks and Guest Lectures and faculty members. The Department also has a library with more than 750 well stacked books, where each student one book is issued which can be retained for whole semester.

VISION

To become a leader in providing quality and affordable technical education in the domain of Computer Science and Engineering.

MISSION

To produce and provide ethical, innovative, professional and socially responsible Computer Science Engineers to the quality and cost conscious world.

STAC AT GLANCE

STAC(Student and Teachers Association of Computer Science & Engineering) initiated by Department of Computer Science & Engineering , HIT, Nidasoshi. This is confined to Department of Computer Science & Engineering only. Number of events are conducted under various categories like formal & casual. Apart from this many seminars & workshops are conducted under the STAC. The activities are carried under the guidance of STAC president and STAC secretary.

The motto of STAC is to enhance the skills & talents of students in more creative manner, to have interaction between students and to share the technical knowledge.
