FROM HOD'S DESK

Every challenge brings in lot of opportunities. The over four month long lockdown due to COVID-19 has drastically changed the college schedules and confined our young powerhouses of energy to their homes, but their creativity is not locked down. Even while staying a home our enthusiastic students have kept themselves busy and productive whether it is learning new skills or working on their hobbies. The present situation has given them a chance to look at and explore their talents. This news letter brings glimpses of the activities taken up by our dashing students as well as our staff.

I congratulate the editorial team for their efforts in giving this news letter a wonderful shape.
