PLACEMENT REPORT 2023-24

The Training and Placement Office (TPO) has started marching towards the goals with impressing footprints. Students from our institute compete with students of other universities at various levels of placements and they are showing their abilities and winning attitude which is resulting into opportunity of their career.

We as training & placement cell, put all our efforts to satisfy the student's expectations for their future career goals, after graduation, students those are planning to go for higher education we organize seminars, lectures for appropriate selection of course & university. But the Majority of the students seem to be inclined more towards making their career in Multinational Companies.

We have worked on two parameters. First, we are developing student's personality in a way by conducting carrier development programs by external training agencies and expert faculty members, as well as industrial experts. Second, our closely associated best corporate and our campus connect initiative had helped us in organizing good number of campus drives for entry level recruitment.

The entire idea of training & placement cell is to prepare graduates being in college, who are not only well equipped in fundamental engineering subjects but also have the ability to integrate all their skills they come across, to apply them in practical situations and also have professional skills to effectively compete with today's era with project management, effective communications, logical & innovative thinking skills.

We have energetic and dynamic team working in central placement cell headed by Prof. P V Patil, Dean Placements & III Cell. With the same spirit in order to tie-up with industry around the region we started developing our local placement cell under the guidance of Principal. Learning from past experiences and understanding the current scenario, we have already started our activities accordingly.

➤ More than 152 final year students trained on their skill development, personality development and professional trainings.

➤ Guest Lectures of Eminent personalities arranged for students those who are interested in administrative services.

In continuation with above mentioned activities we have also planned and started providing additional technical skills to the students which are demanded by the industry. To bridge the gap between industry and academia we have started the interaction sessions from Industrial experts.

The following members are the part of Training and Placement Cell.

S.N.	Name	Designation
1	Dr. S.C.Kamate	Principal
2	Prof. P V Patil	Dean Placements & III Cell
3	Mr. C.A.Jodatti	Asst. to T.P.O
4	Prof. M A Hipparagi	Mech Department TP coordinator
5	Prof. P I Savadatti	EEE Department TP Coordinator
6	Prof. B P Khot	ECE Department TP Coordinator
7	Prof. Prasanna Patil	CSE Department TP Coordinator
8	Prof. P R Patil	Civil Engg. Department TP Coordinator
