ABOUT THE COLLEGE

The institute is run by his holiness Shri Jagadguru Pancham Shri Shivalingeshwar Mahaswamiji under SJPN Trust. It was founded by His Holiness Shri Pancham Nijalingeshwar Mahaswamiji, the Ninth pontiff of Shri Siddha Sansthan Math Nidasoshi in 1984. This Engineering Institution was established in the year 1996 with the approval of the All India Council for Technical Education (AICTE), New Delhi and is permanently affiliated with Visvesvaraya Technological University (VTU), Belagavi. Hirasugar Institute of Technology (HSIT) is one of the premier engineering colleges in the Belagavi district of North Karnataka serving successfully by providing quality education to the rural intellect for the last 27 years. The Institute is accredited by NAAC at 'A' Grade and NBA. The HSIT is spread over 48 acres of land. The campus has all the basic amenities for the overall development of the students with spacious infrastructure. The institute has well-equipped modern laboratories and well-stocked computerized digital & open-access library system. The Institute has facilities like separate hostels for boys and girls, staff quarters, a Canteen, a Bank, a Guest house, a Generator, a playground, a multi-station gymnasium hall for indoor games, Yoga and transportation for students and staff. The HSIT, Nidasoshi offers 4 years of full-time (B.E.) Bachelor of Engineering degree courses in five disciplines with a total intake of 420 students, Mechanical Engineering, Electrical & Electronics Engineering, Electronics & Communication Engineering, Computer Science Engineering and Civil Engineering.

Impact Analysis and PO Attainment

Activity Name: International Conference on Recent Trends in Engineering & Technology (ICRTET-2023) **No. of Respondents (N):** 36

Grand Total Points given by all respondents (T): 1502

Impact Coefficient (IC=0-1): Here, $IC = T / (N * 50) = 1502 / (36 * 50) = 0.834$

Mapped PO/s	Weightage Assigned (1/2/3)	PO Attained/Activity Contribution to the respective PO (IC*Weightage Assigned)
PO1	3	2.502
PO3	3	2.502
PO4	3	2.502

Justification:

1. Justification for Mapping of POs

Mapped POs/ PSOs	Weightage	Justification
PO1	3	This activity substantially an address about technical fests is an essential part of course curriculum as it gives a platform to young brains to showcase their innovative ideas and compete with their peers.
PO3	3	This activity substantially about technical event encourages students to rack their brains and brainstorm to provide solutions for any existing substantial problem.
PO4	3	This activity substantially promotes innovative thinking and practical skills through real life technological projects.
PO5	3	This activity substantially highlights open platform to all for showcasing your talents on designing, developing and maintaining various application-based software's.
PO6	3	This activity substantially highlights young brains get to showcase their skills and compete with others to find the best. It is not just about the competitions but also an event where a lot of those new ideas are seen live and learn more and be inspired.
PO7	3	This activity substantially motivate the young budding engineers in innovative thinking and problem solving they are introduced into the field of research.
PO8	3	This activity substantially addresses budding engineers get a chance to present their innovative ideas in the field of technical field.
PO9	3	This activity substantially provides an opportunity to excel in teamwork, leadership and learn the voyage from an idea to its implementation.
PO10	3	This activity substantially addresses about communication, this is a fundamental need for human beings to sustain in the world. Having good communication skills plays a major role in developing the overall personality or to make a person successful.
PO11	3	This activity substantially focus on analyzing the challenges that organizations face in the global context from the perspective of project management. Global trends such as the energy transition, digital transformation and artificial intelligence invite us to rethink project management and its role in the organizational context.
PO12	3	This activity substantially provoking conversations around innovation, diversity and transformation, providing a platform for the tech ecosystem to come together to drive change.

2. The activity mapped with PO1, PO3, PO4, PO5, PO6, PO7, PO8, PO9, PO10, PO11 and PO12 was found satisfactory with attainment levels of 2.502, 2.502, 2.502, 2.502, 2.502, 2.502, 2.502, 2.502, 2.502, and 2.502 against the mapped values during the impact analysis.

Conclusion: The activity was organized to fulfill the program outcomes of engineering knowledge, design/development of solutions, conduct investigations of complex problems, modern tool usage, engineer and society, environment and sustainability, ethics, individual and teamwork, communication, Project management & finance and lifelong learning.

Future Suggestions: The students exposure on opportunity to network with peers, mentors, and professionals. Educators and researchers can establish connections that help them to get growth beyond the event itself, leading to collaborative projects, partnerships, and shared resources..

Impact Analysis: The above chart and graphical representation indicates that "Activity created Engineering interests and recognized talents/ skills. Here students feel that the talk was effective and created engineering interest is excellent (50%) and good (41%) with total average of 91%. The average of about 47 % and 42 % of the respondents expressed their feedback towards excellent and good in 1, 2, 3 and 4 parameters. It depicts that the Activities Engineering interests and recognized talents/ skills are positively reinforced respondents. However around 10 % of respondents raised questions about Excellency and good in conduction of activity i.e., in parameter 5. In future we will rectify the flaws during the conduction of induction programme.

Impact Analysis: Around 60 % of respondents felt that talk was effective on UHV. The average of 58% and average of 33 % respondents expressed their feedback towards excellent and good in parameters 1, 2, 3, 4 and 5. It depicts that talks arranged to inculcate Universal Human Values (UHV)s are positively reinforced respondents. However around 9% of respondents raised question about excellency in relevancy activities in all parameters. In future we will rectify the flaws during the future conduction of induction programme.

Impact Analysis: Around 60% of respondents felt that talk was effective on UHV. The average of 50% and average of 41% respondents expressed their feedback towards excellent and good in parameters 1, 2, 3, 4 and 5. It depicts that talks arranged to inculcate Universal Human Values (UHV)s are positively reinforced respondents. However around 9% of respondents raised question about excellency in relevancy activities in all parameters. In future we will rectify the flaws during the future conduction of induction programme.

Impact Analysis: The above chart and graphical representation indicates that "Activity created Engineering interests and recognized talents/ skills. Here students feel that the talk was effective and created engineering interest is excellent (55%) and good (38%) with total average of 93%. The average of about 55% and 37% of the respondents expressed their feedback towards excellent and good in 1, 2, 3 and 4 parameters. It depicts that the Activities Engineering interests and recognized talents/ skills are positively reinforced respondents. However around 11% of respondents raised questions about Excellency and good in conduction of activity i.e., in parameter 5. In future we will rectify the flaws during the conduction of induction programme.
