Gender Audit Report 2022-2023

**ENVIRONMENTAL & CIVIL
ENGINEERING SOLUTIONS**

ISO 9001: 2015, IEC 17025: 2017

Preamble

Gender Audit of educational institutions is a process for organizational assessment and a tool for action planning from a gender perspective. It critically examines the capacity of institutions to ensure a 'safe and secure' ambience for women and girl students, faculty and administrative staff.

The participatory audit process helps to identify institutional strengths and challenges to integrating gender, as well as gender equity, in the institution's systems and operations and in programs and activities.

Gender audit encourages the stakeholders in an educational institution to engage in a dialogue and reflect about the strengths and gaps of the system vis-à-vis gender related issues.

According to an ILO Manifesto gender auditing helps institutions to focus on such areas as:

- Mainstreaming gender as a cross-cutting concern within the unit's objectives, programs and budget.
- Existing gender expertise and competence.
- Information and knowledge management on gender issues.
- Systems and instruments in use for accountability, evaluating and monitoring on gender equality.
- Staffing and human resources concerning balance between women and men, as well as gender-friendly policies.
- Organizational culture and its effects on gender equality

About the Institute

Hirasugar Institute of Technology, Nidasoshi was established in the year of 1996. Institute has huge area of 48.20 acres and has been serving the mankind in the field of Engineering and technology. The landscaped grounds of college are widely admired for their beauty. The most valuable investment any educational institution can make is “Nurturing Future Leaders”. With the continuous rise in expectation of essential leadership standards, the institute has torch bearers have taken a responsibility for this investment to nurture the NextGen leaders with a vision to bridge the existing skill gap. With a firm step forward to attain an academic excellence, several Centres of Excellence, computer labs, and industry-academia associations has been setup at the College in association with the top leaders. The College believes that its primary stakeholders are the students. All aspects of education focus on the core values of contributing to national development while fostering global competencies among students. The College admits students from all social milieus and empowers them through intensive mentoring and counselling to face the challenges of life and become responsible and sensitized citizens of the country. The institution came into existence in the year 1996 with the sole purpose of providing quality technical education in various disciplines of engineering. Since then the growth of the Institute has been guided by the proactive response to the fast changing world of technology.

The institute is approved by All India Council for Technical Education, New Delhi (AICTE, New Delhi) and is affiliated to Visvesvaraya Technological University, Belgaum (VTU, Belgaum).

Respected Sir/ Madam,

Subject: Eye Donation awareness programme.

S G M Eye Bank and research foundation, an unit of **M M Joshi Eye Institute Sankeshwar** is striving to eliminate to corneal blindness in north Karnataka . Corneal blindness which is due to opacity of the cornea can be treated by corneal grafting using the corneas donated by persons after their death. In view of extremely low statistics of eye donation at present, the menace of the corneal blindness is on the rise.

Lack of Awareness about eye Donation happens to be major cause of less number of eyes donated in India. S G M Eye Bank is organizing awareness lectures to provide information about eye donation and corneal blindness. The methodology is an Audio video presentation by an expert ophthalmologist followed by interactive session.

We will be happy to hold a session in your Esteemed Institution. Kindly provide a slot for the same and oblige.

Thanking you.

Impact Analysis on Feedback

AY:2023-24

Justification:

1. Justification for Mapping of PO's

Mapped POs/ PSOs	Weightage	Justification
PO6	1	This activity addresses about people pledging to donate their eyes after death to be used for corneal grafting for restoring sight to corneal blind people.
PO8	3	This activity addresses substantially both deceased and living organ transplantation have their own ethical considerations, the absence of harm to living donors, respect for autonomy, and fairness in allocation make deceased organ transplantation generally considered more ethically preferable.

1. The activity mapped with PO6 and PO8 was found satisfactory with attainment levels of 0.856 and 2.568.94 against the mapped values during the impact analysis.

2.

Conclusion: The activity organized to fulfill the program outcomes the engineer & society and ethics.

Future Suggestions: Such activity motivates the eye donation awareness in students and current corneal donation rates are insufficient to meet India's transfer needs, and each missed opportunity adds to this growing quandary.
