PO9	3	This activity addresses substantially with world's leading producers of software for the management of business processes, developing solutions that facilitate effective data processing and information flow across organizations.
PO10	2	This activity addresses moderately with helps in reducing errors and delays in communication and improves overall efficiency.
PO12	2	This activity address moderately the SAP SuccessFactors Opportunity Marketplace helps employees discover, in one place, recommendations to fuel their ongoing career development and growth.
PSO1	1	This activity addresses for helps the ability to understand With Industry domain expertise across several verticals, including process & discrete manufacturing, life sciences, healthcare, mining and utilities, and In-depth SAP solution knowledge.

1. The activity mapped with PO5, PO6, PO8, PO9, PO10, and PO12 was found satisfactory with attainment levels of 1.836, 2.754, 2.754, 2.754, 1.836 and 1.836 against the mapped values during the impact analysis.

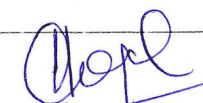

2. The activity mapped with PSO1 was found satisfactory with attainment levels of 0.918 against the mapped value during the impact analysis.

Conclusion: The activity organized to fulfill the program outcomes the modern tool usage, engineer and society, ethics, individual and teamwork, communication and lifelong learning, and PSO1 has mitigated the gap identified satisfactorily to some extent.

Future Suggestions: Such activity imparts the SAP has become an integral part of supply chain and enterprise management solutions. The rise of technologies such as AI and ML are transforming the entire digital landscape and SAP would be impacted as well. This impact would be towards making the process automated and reducing human error in the entire process chain.
