PLACEMENT REPORT 2022-23

The Training and Placement Office (TPO) has started marching towards the goals with impressing footprints. Students from our institute compete with students of other universities at various levels of placements and they are showing their abilities and winning attitude which is resulting into opportunity of their career.

We as training & placement cell, put all our efforts to satisfy the student's expectations for their future career goals, after graduation, students those are planning to go for higher education we organize seminars, lectures for appropriate selection of course & university. But the Majority of the students seem to be inclined more towards making their career in Multinational Companies.

We have worked on two parameters. First, we are developing student's personality in a way by conducting carrier development programs by external training agencies and expert faculty members, as well as industrial experts. Second, our closely associated best corporate and our campus connect initiative had helped us in organizing good number of campus drives for entry level recruitment.

The entire idea of training & placement cell is to prepare graduates being in college, who are not only well equipped in fundamental engineering subjects but also have the ability to integrate all their skills they come across, to apply them in practical situations and also have professional skills to effectively compete with today's era with project management, effective communications, logical & innovative thinking skills.

We have energetic and dynamic team working in central placement cell headed by Prof. P V Patil, Dean Placements & III Cell. With the same spirit in order to tie-up with industry around the region we started developing our local placement cell under the guidance of Principal. Learning from past experiences and understanding the current scenario, we have already started our activities accordingly.

➤ More than 126 final year students trained on their skill development, personality development and professional trainings.

➤ Guest Lectures of Eminent personalities arranged for students those who are interested in administrative services.

➤ We have already started in- house GATE coaching for students opting for higher education.

In continuation with above mentioned activities we have also planned and started providing additional technical skills to the students which are demanded by the industry. To bridge the gap between industry and academia we have started the interaction sessions from Industrial experts.

The following members are the part of Training and Placement Cell.

S.N.	Name	Designation
1	Dr. S.C.Kamate	Principal
2	Prof. P V Patil	Dean Placements & III Cell
3	Mr. C.A.Jodatti	Asst. to T.P.O
4	Prof. M A Hipparagi	Mech Department TP coordinator
5	Prof. P I Savadatti	EEE Department TP Coordinator
6	Prof. B P Khot	ECE Department TP Coordinator
7	Prof. Prasanna Patil	CSE Department TP Coordinator
8	Prof. P R Patil	Civil Engg. Department TP Coordinator

PLACEMENT REPORT 2021-22

The Training and Placement Office (TPO) has started marching towards the goals with impressing footprints. Students from our institute compete with students of other universities at various levels of placements and they are showing their abilities and winning attitude which is resulting into opportunity of their career.

We as training & placement cell, put all our efforts to satisfy the student's expectations for their future career goals, after graduation, students those are planning to go for higher education we organize seminars, lectures for appropriate selection of course & university. But the Majority of the students seem to be inclined more towards making their career in Multinational Companies.

We have worked on two parameters. First, we are developing student's personality in a way by conducting carrier development programs by external training agencies and expert faculty members, as well as industrial experts. Second, our closely associated best corporate and our campus connect initiative had helped us in organizing good number of campus drives for entry level recruitment.

The entire idea of training & placement cell is to prepare graduates being in college, who are not only well equipped in fundamental engineering subjects but also have the ability to integrate all their skills they come across, to apply them in practical situations and also have professional skills to effectively compete with today's era with project management, effective communications, logical & innovative thinking skills.

We have energetic and dynamic team working in central placement cell headed by Prof. N M Patel, Dean Placements & III Cell. With the same spirit in order to tie-up with industry around the region we started developing our local placement cell under the guidance of Principal. Learning from past experiences and understanding the current scenario, we have already started our activities accordingly.

- More than 161+ final year students trained on their skill development, personality development and professional trainings.
 - Guest Lectures of Eminent personalities arranged for students those who are interested in administrative services.
 - We have already started in- house GATE coaching for students opting for higher education.
- In continuation with above mentioned activities we have also planned and started providing additional technical skills to the students which are demanded by the industry. To bridge the gap between industry and academia we have started the interaction sessions from Industrial experts.

The following members are the part of Training and Placement Cell.

S.N.	Name	Designation
1	Dr. S.C.Kamate	Principal
2	Prof. N M Patel	Dean Placements & III Cell
3	Mr. C.A.Jodatti	Asst. to T.P.O
4	Prof. M A Hipparagi	Mech Department TP coordinator
5	Prof. K B Negalur	EEE Department TP Coordinator
6	Prof. P.V.Patil	ECE Department TP Coordinator

PLACEMENT REPORT 2020-21

The Training and Placement Office (TPO) has started marching towards the goals with impressing footprints. Students from our institute compete with students of other universities at various levels of placements and they are showing their abilities and winning attitude which is resulting into opportunity of their career.

We as training & placement cell, put all our efforts to satisfy the student's expectations for their future career goals, after graduation, students those are planning to go for higher education we organize seminars, lectures for appropriate selection of course & university. But the Majority of the students seem to be inclined more towards making their career in Multinational Companies.

We have worked on two parameters. First, we are developing student's personality in a way by conducting carrier development programs by external training agencies and expert faculty members, as well as industrial experts. Second, our closely associated best corporate and our campus connect initiative had helped us in organizing good number of campus drives for entry level recruitment.

The entire idea of training & placement cell is to prepare graduates being in college, who are not only well equipped in fundamental engineering subjects but also have the ability to integrate all their skills they come across, to apply them in practical situations and also have professional skills to effectively compete with today's era with project management, effective communications, logical & innovative thinking skills.

We have energetic and dynamic team working in central placement cell headed by Prof. N M Patel, Training and Placement Officer. With the same spirit in order to tie up with industry around the region we started developing our local placement cell under the guidance of Principal.

Learning from past experiences and understanding the current scenario, we have already started our activities accordingly.

- More than 161+ final year students trained on their skill development, personality development and professional trainings.
 - Guest Lectures of Eminent personalities arranged for students those who are interested in administrative services.
 - We have already started in 1.20 house GATE coaching for students opting for higher education.
- In continuation with above mentioned activities we have also planned and started providing additional technical skills to the students which are demanded by the industry. To bridge the gap between industry and academia we have started the interaction sessions from Industrial experts.

The following members are the part of Training and Placement Cell.

S.N.	Name	Designation
1	Dr. S.C.Kamate	Principal
2	Prof. N M Patel	Training and Placement Officer
3	Mr. C.A.Jodatti	Asst. to T.P.O
4	Prof. B M Doddamani	Mech Department TP coordinator
5	Prof. P M Murari	EEE Department TP Coordinator
6	Prof. P.V.Patil	ECE Department TP Coordinator
7	Prof. M G Huddar	CSE Department TP Coordinator

PLACEMENT REPORT 2019-20

The Training and Placement Office (TPO) has started marching towards the goals with impressing footprints. Students from our institute compete with students of other universities at various levels of placements and they are showing their abilities and winning attitude which is resulting into opportunity of their career.

We as training & placement cell, put all our efforts to satisfy the student's expectations for their future career goals. After graduation, students those are planning to go for higher education. We organize seminars, lectures for appropriate selection of course of university. But the Majority of the students seem to be inclined more towards making their career in Multinational Companies.

We have worked on two parameters. First, we are developing student's personality in a way by conducting carrier development programs by external training agencies and expert faculty members, as well as industrial experts. Second, our closely associated best corporate and our campus connect initiative had helped us in organizing good number of campus drives for entry level recruitment.

The entire idea of training & placement cell is to prepare graduates being in college, who are not only well equipped in fundamental engineering subjects but also have the ability to integrate all their skills they come across, to apply them in practical situations and also have professional skills to effectively compete with today's era with project management, effective communications, logical & innovative thinking skills.

We have energetic and dynamic team working in central placement cell under the parental guidance of our Prof. N M Patel, Training and Placement Officer. With the same spirit in order to tie-up with industry around the region we started developing our local placement cell under the guidance of Principal.

Learning from past experiences and understanding the current scenario, we have already started our activities accordingly.

- More than 277 final year students trained on their skill development, personality development and professional trainings.
 - Guest Lectures of Eminent personalities arranged for students those who are interested in administrative services.
 - We have allready started in- house GATE coaching for students opting for higher education.
- In continuation with above mentioned activities we have also planned and started providing additional technical skills to the students which are demanded by the industry. To bridge the gap between industry and academia we have started the interaction sessions from Industrial experts.
- The following members are the part of Training and Placement Cell.

S.N.	Name	Designation
1	Dr. S.C.Kamate	Principal
2	Prof. N M Patel	Training and Placement Officer
3	Mr. C.A.Jodatti	Asst. to T.P.O
4	Prof. B M Doddamani	Mech Department TP coordinator
5	Prof. P M Murari	EEE Department TP Coordinator
6	Prof. P.V.Patil	ECE Department TP Coordinator
7	Prof. N M Patel	CSE Department TP Coordinator

KRISHNA PLOT NO 10/2
BEHIND INFOTECH TOWER
NAGPUR
MAHARASHTRA
440022
INDIA

25 May 2021

Your Application Information	
Name:	Prachi Mahadev Ratnappagol
Date of Birth:	02/Sep/1998
Application Reference:	210801136
Course Application:	MSc FT Big Data Science
Course Code:	PFQM-H6J7-09
Mode of Study:	Full-Time
Expected Start:	20/Sep/2021
Expected End:	19/Sep/2022
University Fees (Year 1):	£25,950
Deposit Amount:	£2000 (2000 GBP) to be paid by 06/Sep/2021

Dear Miss Ratnappagol,

We are delighted to confirm that your application to study at Queen Mary University of London (QMUL) has been successful. Details of your offer are listed below. Please refer to your portal for information on how to respond.

YOUR OFFER

Unconditional Offer

Outstanding Conditions

N/A

Conditions met

N/A

As your offer is **unconditional** you have already met the entry requirements.

Deposit

In order to secure your place at Queen Mary University of London you will be required to pay a deposit of **£2000** (2000 GBP) towards your tuition fee **by 06/Sep/2021**.

For information about your deposit, please select the deposit tile which is available in your portal.

If you are in receipt of a scholarship or your fees will be paid by a sponsor, you may be exempt from the tuition fee deposit. We do however require a formal letter from your sponsor confirming the arrangement **by 06/Sep/2021**; please go to the "Deposits" icon on the main "my Application" page to provide this information (even if you have only applied for funding and not yet been awarded).

US Loans – if your studies are to be funded by loans from the USA, either Federal or Private, you will need to submit a separate application to QMUL in order to process this. Full details on your eligibility and the application process can be found on our website - <http://bit.ly/QM-AmericanLoans>

Our refund policy and the Tuition Fee regulations document can be found [here](#).

How to pay your deposit

1. Go to <https://epay.qmul.ac.uk/>
2. Complete your Student Details (enter 210801136 in the "Student ID / Application Number" field)
3. On the next page select "Tuition Deposits"
4. Make payment of £2000

Alternatively you can pay by direct bank transfer.

For further details on the different ways to pay your deposit, please refer to:
<https://www.qmul.ac.uk/postgraduate/taught/tuitionfees/deposits/>

We request that you read the Queen Mary University of London general terms and conditions before making a decision to accept your offer. These are available online:

<http://www.qmul.ac.uk/prospective/termsandconditions/>

The terms and conditions include important information about the programme, our admissions policy, university fees and fee regulations, fee status, and your right to cancel. Please note that the university fees, fee regulations, and general terms and conditions that apply are for the academic year that you enter the course and not the year of your application. University fees may increase in future years.

If you require a visa to study in the UK, your enrolment is subject to meeting UK Visas & Immigration requirements including those relating to deposits, university fees and living expenses. Please see the guidance on our website for more information: <https://www.welfare.qmul.ac.uk/international/immigration/>

We hope to welcome you to Queen Mary University of London.

Yours sincerely

Joanne Tallentire
Head of Admissions
Queen Mary University of London
Mile End Road, London, E1 4NS
www.qmul.ac.uk

Kiran Hipparagi - 2HN16CS015

Post Graduate Program in Artificial Intelligence and Machine Learning

Date: 04-Dec-2020

Dear Kiran Hipparagi,

Sub: Admission offer to Great Lakes Post Graduate Program in Artificial Intelligence and Machine Learning (PGP-AIML) 2021-22 at Great Lakes and The University of Texas at Austin, McCombs School of Business.

Congratulations and welcome to the Great Lakes family!

Further to your application and subsequent interview you had with us, you have been provisionally selected for admission to the One Year Post Graduate Program in Artificial Intelligence and Machine Learning (PGP-AIML) at **Bangalore** Center.

The PGP-AIML program is designed keeping in mind the needs of professionals and their career aspirations and learning needs. We are certain that the combination of learning methods used for this program will help you become a confident industry leader. We believe that this program will help you to take the next best step towards a highly growing and rewarding career in Machine Learning.

Provided below are some quick facts about the PGP-AIML program

Program Name	Post Graduate Program in Artificial Intelligence and Machine Learning (PGP-AIML)
Certificate	Great Lakes and The University of Texas at Austin, McCombs School of Business
Duration	12 Months 30 Days of Classroom Sessions (Weekends)
Curriculum Coverage	Foundations of AI , Machine Learning, Deep Learning, NLP, Python, Tensor Flow, Keras, etc
Format	- 250 hours of classroom learning, industry lectures , AI lab and ML lab - 150+ hours of online learning (self-learning content, reading material, assessments, projects and assignments) - 12 hands-on projects on Artificial Intelligence and Machine Learning lab - 1 Capstone project
Location	Bangalore
Batch start	January

Please be informed that you would be required to pay the admission fee of **INR 59,000/-** (Fifty Nine Thousand Rupees only) by **04-Dec-2020**.

PLACEMENT REPORT 2018-19

The Training and Placement Office (TPO) has started marching towards the goals with impressing footprints. Students from our institute compete with students of other universities at various levels of placements and they are showing their abilities and winning attitude which is resulting into opportunity of their career.

We as training & placement cell, put all our efforts to satisfy the student's expectations for their future career goals. After graduation, students those are planning to go for higher education. We organize seminars, lectures for appropriate selection of course of university. But the Majority of the students seem to be inclined more towards making their career in Multinational Companies.

We have worked on two parameters. First, we are developing student's personality in a way by conducting carrier development programs by external training agencies and expert faculty members, as well as industrial experts. Second, our closely associated best corporate and our campus connect initiative had helped us in organizing good number of campus drives for entry level recruitment.

The entire idea of training & placement cell is to prepare graduates being in college, who are not only well equipped in fundamental engineering subjects but also have the ability to integrate all their skills they come across, to apply them in practical situations and also have professional skills to effectively compete with today's era with project management, effective communications, logical & innovative thinking skills.

We have energetic and dynamic team working in central placement cell under the parental guidance of our Mr. Santosh Sajjan, Training and Placement Officer. With the same spirit in order to tie-up with industry around the region we started developing our local placement cell under the guidance of Principal.

Learning from past experiences and understanding the current scenario, we have already started our activities accordingly.

- More than 210+ final year students trained on their skill development, personality development and professional trainings.
 - Guest Lectures of Eminent personalities arranged for students those who are interested in administrative services.
 - We have allready started in- house GATE coaching for students opting for higher education.
- In continuation with above mentioned activities we have also planned and started providing additional technical skills to the students which are demanded by the industry. To bridge the gap between industry and academia we have started the interaction sessions from Industrial experts.

The following members are the part of Training and Placement Cell.

S.N.	Name	Designation
1	Dr. S.C.Kamate	Principal
2	Mr. Santosh Sajjan	Training and Placement Officer
3	Mr. C.A.Jodatti	Asst. to T.P.O
4	Prof. R.V.Nyamgoud	Mech Department TP coordinator
5	Prof. O B Heddurshetti	EEE Department TP Coordinator
6	Prof. N M Patel	ECE Department TP Coordinator
7	Prof. M G Huddar	CSE Department TP Coordinator
