NOTIFICATION

- Sub :** Earning of Activity Points for Award of Degree for students admitted to UG Programmes (2021 and 2022 Regulations)- reg..
- Ref :** 1 AICTE Activity Point Programme (AICTE Internship Guidelines)
- 2 This office Notification - VTU/BGM/Aca-BoS/2021-22 / 919 dt: 13-5-2022 - Regulations Governing the B.E./ B. Tech. programmes under CBCS from the academic year 2021
- 3 This office Notification- VTU/BGM/Aca-BoS/2023 / 811 dt: 2-5-2023 - Regulations Governing the Award of B.E./ B. Tech. (2022 Scheme)

Preamble:

Apart from technical knowledge and skills, to be successful as professionals, students should have excellent soft skills, leadership qualities and team spirit. They should have entrepreneurial capabilities and societal commitment. In order to match these multifarious requirement, AICTE has created a unique mechanism of awarding Activity Points over and above the academic grades.

1. Every student admitted to the 4 years Degree programme and every student entering 4 years Degree programme through lateral entry, shall earn 100 and 75 Activity Points respectively for the award of degree through AICTE Activity Point Programme. Students transferred from other Universities to fifth semester are required to earn 50 Activity Points from the year of entry to VTU.

Sl. No.	Student Category	Activity points prescribed by AICTE
1	Day College regular student admitted to the 4 years Degree programme (Admitted during 2024-25)	100
2	Student entering 4 years Degree programme through lateral entry (Admitted during 2024-25)	75
3	Students transferred from other Universities to fifth semester (Admitted during 2024-25)	50

2. The Activity Points earned shall be reflected on the student's eighth semester Grade Card.
3. The activities can be spread over the years (duration of the programme), anytime during the semester weekends and holidays, as per the interest and convenience of the

student from the year of entry to the programme. However, minimum hours specified must be satisfied.

4. Activity Points (non-credit) have no effect on SGPA/CGPA and shall not be considered for vertical progression.
5. In case students fail to earn the prescribed Activity Points, he/she will not be qualified for the Degree. Eighth semester Grade Card shall be issued only after earning the required Activity Points. Students shall be admitted for the award of degree only after the release of the Eighth semester Grade Card.
6. **AICTE Activity Point Programme (Activity Summary Sheet)** For more details refer to Chapter 6, AICTE Activity Point Programme, Model Internship Guidelines.

AICTE Activity Point Programme (Activity Summary Sheet)					
The AICTE Activity Programme, a non-credit programme, can be taken up any time during the semester weekends and holidays. These activities can be spread over the years, as per convenience of the student. However, minimum hours specified must be satisfied.					
Following suggestive activities may be carried out by students in teams as per their choice.					
Sl. No.	Activity Head	Minimum Duration		Performance appraisal/ Maximum points/ activity	Evaluated by
		Weeks	Hours		
1	Helping local schools to achieve good result and enhance their enrolment in Higher/ technical/ Vocational Education.	2	80 - 90	20	NSS/ youth Red Cross Co-ordinators /Chairperson- CICC (College Internal Complaints Committee) / SAGY (Sansad Adarsh Gram Yojana, Govt. of India) of the institute/ Mentor
2	Preparing an actionable business proposal for enhancing the village Income.	2	80 - 90	20	
3	Developing Sustainable Water Management system	2	80 - 90	20	
4	Tourism Promotion Innovative Approaches.	2	80 - 90	20	
5	Promotion of Appropriate Technologies.	2	80 - 90	20	
6	Reduction in Energy Consumption.	2	80 - 90	20	
7	To Skill rural population.	2	80 - 90	20	
8	Facilitating 100% Digitized money transactions.	2	80 - 90	20	
9	Setting of the information imparting club for women leading to contribution in social and economic issues.	2	80 - 90	20	
10	Developing and managing efficient garbage disposable system.	2	80 - 90	20

12	Food preservation/packaging.	2	80 - 90	20	
13	Automation of local activities.	2	80 - 90	20	
14	Spreading public awareness under rural outreach programmes	2	80 - 90	20	

AICTE Activity Point Programme (Activity Summary Sheet)

The AICTE Activity Programme, a non-credit programme, can be taken up any time during the semester weekends and holidays. These activities can be spread over the years, as per convenience of the student. However, minimum hours specified must be satisfied.

Following suggestive activities may be carried out by students in teams as per their choice.

Sl. No.	Activity Head	Minimum Duration		Performance appraisal/ Maximum points/ activity	Evaluated by
		Weeks	Hours		
15	Contribution to any national level initiative of Government of India. For e.g. Digital India/ Skill India/ Swachh Bharat Internship etc.,	2	80 - 90	20	
16	Creating an awareness regarding rain water harvesting in urban and rural area	2	80-90	20	

7. **Submission of Activity Points:** The consolidated report of activity points earned by the students shall be sent to the University. A notification in this respect will be issued by Registrar (Evaluation), VTU, Belagavi.

The content of this circular is applicable to both Affiliated and Autonomous colleges under VTU.

Further, it has been observed by the University that, few colleges are not following / guiding the students to earn these activity points. It is hereby once again informed to Principals of the Colleges to advise students properly and follow the norms of University in true spirit.

Hence, the Principals of Colleges are informed to advise and guide the students in this regard.

The contents of this circular may be brought to the notice of all concerned.

BY ORDER,

Hirasugar Institute of Technology
Nidasoshi-591 236

Legend

- A1 => Helping local to achieve good result and enhance their enrollment in Higher / technical /Vocational Education
- A2 => Preparing an actionable business proposal for enhancing the village Income
- A3 => Developing Sustainable water Management System
- A4 => Tourism Promotion Innovative Approaches
- A5 => Promotion of Appropriate Technologies
- A6 => Reduction in Energy Consumption
- A7 => To Skill rural population
- A8 => Facilitating 100% Digitized money transactions
- A9 => Setting of the information imparting club for women leading to contribution in social and economic issues

- A10 => Developing and managing efficient garbage disposal system
- A11 => To assist the marketing of rural produce
- A12 => Food Preservation / packaging
- A13 => Automation of local activities
- A14 => Spreading public awareness under rural outreach programmes
- A15 => Contribution to any national level initiative of Government of India.

AICTE Activity Report

College Name: S.J.P.N. TRUST HIRASUGAR INSTITUTE OF TECHNOLOGY, NIDASOSHI Branch Code : EE

SL.NO	USN	Student Name	No Of Activity Conducted	Activity Details	Minimum Activity Points	Total Obtained Points
1	2HN20EE001	ABHINANDAN DODDANAVAR	5	<p>A10 => A critical component in any waste management program is public awareness and participation, in addition to appropriate legislation, strong technical support and adequate funding. Waste is the result of human activities and every one needs to have a proper understanding of waste management issues, without which the success of even the best conceived waste management plan becomes questionable.</p> <p>A15 => The Swachh Bharat Abhiyan, launched in 2014 by the Indian government, is a nationwide cleanliness campaign aimed at achieving the vision of a "Clean India" by 2nd October 2019, coinciding with the 150th birth anniversary of Mahatma Gandhi. It encompasses various initiatives such as constructing toilets, promoting cleanliness in public spaces, waste management, and behavioral change campaigns to foster a culture of cleanliness and hygiene among citizens.</p> <p>A3 => Water scarcity is serious problem throughout the world for both urban & rural community. Urbanization, industrial development & increase in agricultural field & production has resulted in overexploitation of groundwater & surface water resources and resultant deterioration in water quality. The conventional water sources namely well, river and reservoirs, etc. are inadequate to fulfill water demand due to unbalanced rainfall.</p> <p>A7 => This abstract provides an overview of AICTE's concerted efforts towards rural skill development, encompassing a spectrum of interventions spanning education, training, and capacity-building initiatives. Through strategic partnerships with governmental agencies, educational institutions, and industry stakeholders, AICTE endeavors to create an enabling ecosystem conducive to skill acquisition and entrepreneurship in rural hinterlands.</p> <p>A8 => The aim of the activity is to provide necessary information about digital financial transactions to replace the traditional payments system of using currency notes. Digital payment is a way of payment which is made through digital modes. In digital payments, payer and payee both use digital modes to send and receive money. It is also called electronic payment. No hard cash (currency notes) is involved in the digital payments</p>	100	100

2	2HN20EE002	ADITYA RAJU CHOUGALE	5	<p>A10 => A critical component in any waste management program is public awareness and participation, in addition to appropriate legislation, strong technical support and adequate funding. Waste is the result of human activities and every one needs to have a proper understanding of waste management issues, without which the success of even the best conceived waste management plan becomes questionable.</p> <p>A15 => The Swachh Bharat Abhiyan, launched in 2014 by the Indian government, is a nationwide cleanliness campaign aimed at achieving the vision of a "Clean India" by 2nd October 2019, coinciding with the 150th birth anniversary of Mahatma Gandhi. 16	2HN20EE018	SWATI BASANGOUDA PADIPATIL	5	<p>A10 => A critical component in any waste management program is public awareness and participation, in addition to appropriate legislation, strong technical support and adequate funding. Waste is the result of human activities and everyone needs to have a proper understanding of waste management issues, without which the success of even the best conceived waste management plan becomes questionable.</p> <p>A14 => Activity conducted on the topic "To prepare and implement health parameters among villagers". According to WHO more than half of world's population lives in villages and rural areas. It is a challenging for the health care workers to protect and improve the health in rural areas.</p> <p>A15 => To accelerate the efforts to achieve universal sanitation coverage and to put focus on sanitation, the Prime Minister of India launched the Swachh Bharat Mission on 2nd October, 2014. The Mission Coordinator was given to the be Secretary, Ministry of Drinking Water and Sanitation (MDWS) With two Sub-Missions, the Swachh Bharat Mission (Gramin) and the Swachh Bharat Mission (Urban), clean and sanitized.</p> <p>A3 => The paper outlines rain water harvesting is being frequently used these days, however, the concept of water harvesting is not new for India. Water harvesting techniques had been evolved and developed centuries ago. Living creatures of the universe are made of five basic elements, viz, Earth, Water, Fire, Air and Sky, Obviously, water is one of the most important elements and no creature can survive without it.</p> <p>A8 => Information Technology has changed the aspect of our lives. Particularly it has provided an easy way to go for digital payments. After the ban of 500 and 1000 series currency notes, Govt. of India urged people of India to make use of digital payments. It really paves the way for digital payment system.</p>	100	100
17	2HN21EE400	ANANT AJITKUMAR DADANNAVAR	4	<p>A10 => A critical component in any waste management program is public awareness and participation, in addition to appropriate legislation, strong technical support and adequate funding. Waste is the result of human activities and everyone needs to have a proper understanding of waste management issues, without which the success of even the best conceived waste management plan becomes questionable.</p> <p>A15 => To accelerate the efforts to achieve universal sanitation coverage and to put focus on sanitation, the Prime Minister of India launched the Swachh Bharat Mission on 2nd October, 2014. The Mission Coordinator was given to the be Secretary, Ministry of Drinking Water and Sanitation (MDWS) With two Sub-Missions, the Swachh Bharat Mission (Gramin) and the Swachh Bharat Mission (Urban), which aims to achieve Swachh Bharat by 2019, as a fitting tribute to the 150th Birth Anniversary of Mahatma Gandhi.</p> <p>A3 => The paper outlines rain water harvesting is being frequently used these days, however, the concept of water harvesting is not new for India. Water harvesting techniques had been evolved and developed centuries ago. Living creatures of the universe are made of five basic elements, viz, Earth, Water, Fire, Air and Sky, Obviously, water is one of the most important elements and no creature can survive without it.</p> <p>A8 => Information Technology has changed the aspect of our lives. Particularly it has provided an easy way to go for digital payments. After the ban of 500 and 1000 series currency notes, Govt. of India urged people of India to make use of digital payments. It really paves the way for digital payment system.</p>	75	80

18	2HN21EE401	MANIKANTH GANGAPPA KADAKOL	4	<p>A10 => A critical component in any waste management program is public awareness and participation, in addition to appropriate legislation, strong technical support and adequate funding. Waste is the result of human activities and every one needs to have a proper understanding of waste management issues, without which the success of even the best conceived waste management plan becomes questionable.</p> <p>A15 => To accelerate the efforts to achieve universal sanitation coverage and to put focus on sanitation, the Prime Minister of India launched the Swachh Bharat Mission on 2nd October, 2014. The Mission Coordinator was given to be Secretary, Ministry of Drinking Water and Sanitation (MDWS) With two Sub-Missions, the Swachh Bharat Mission (Gramin) and the Swachh Bharat Mission (Urban), which aims to achieve Swachh Bharat by 2019, as a fitting tribute to the 150th Birth Anniversary of Mahatma Gandhi.</p> <p>A3 => Water scarcity is serious problem throughout the world for both urban & rural community. Urbanization, industrial development & increase in agricultural field & production has resulted in overexploitation of groundwater & surface water resources and resultant deterioration in water quality. The conventional water sources namely well, river and reservoirs, etc. are inadequate to fulfill water demand due to unbalanced rainfall.</p> <p>A8 => It works on the basis of online banking, is one of the most important financial activity which will be carried out by any person who holds the bank account. There are various activity that can be carried out once you login to bank account. Once a users logs in to your bank account she/he can check the bank balance, check bank account transaction history or account summary add beneficiary accounts transfer funds to another account download account summary.</p>	75	80

 HIT NIDASOSHI-591 236

 Principal
PRINCIPAL
 Hirasugar Institute of Technology
 Nidasoshi-591 236

- A1 => Helping local to achieve good result and enhance their enrollment in Higher / technical /Vocational Education
- A2 => Preparing an actionable business proposal for enhancing the village Income
- A3 => Developing Sustainable water Management System
- A4 => Tourism Promotion Innovative Approaches
- A5 => Promotion of Appropriate Technologies
- A6 => Reduction in Energy Consumption
- A7 => To Skill rural population
- A8 => Facilitating 100% Digitized money transactions
- A9 => Setting of the information imparting club for women leading to contribution in social and economic issues
- A10 => Developing and managing efficient garbage disposable system
- A11 => To assist the marketing of rural produce
- A12 => Food Preservation / packaging

- A13 => Automation of local activities
- A14 => Spreading public awareness under rural outreach programmes
- A15 => Contribution to any national level initiative of Government of India.

Visvesvaraya Technological University

AICTE Activity Report

College Name: S.J.P.N. TRUST HIRASUGAR INSTITUTE OF TECHNOLOGY, NIDASOSHI Branch Code : EC

SL.NO	USN	Student Name	No Of Activity Conducted	Activity Details	Minimum Activity Points	Total Obtained Points
1	2HN20EC001	ABHISHEK RAJASHEKHAR MASTI	5	<p>A10 => Waste is the result of human activities and everyone needs to have a proper understanding of waste management issues, without which the success of even the best conceived waste management plan becomes questionable.</p> <p>A12 => The main objective of food preservation has been on controlling microbial populations, with a specific emphasis on pathogenic microorganisms. Food preservation implies inhibiting the growth of microorganisms.</p> <p>A15 => The Core objectives of the Swachh Bharat Mission (SBM) are to bring about an improvement in the General quality of life in the rural areas, by promoting cleanliness, hygiene and eliminating open Defecation and to accelerate sanitation coverage in rural areas to achieve the vision of Swachh Bharat</p> <p>A3 => E paper outlines rain water harvesting is being frequently used these days, however, the concept of water harvesting is not new for India. Water harvesting techniques had been evolved and developed centuries ago</p> <p>A8 => The current scenario of India depicts that it is 4th largest user of cash in the world. Government of India has taken initiative to promote a cashless economy through digital payment but still many people are illiterate towards cashless transaction</p>	100	100

2	2HN20EC002	ABHISHEK RAMESH SALOTAGI	5	<p>A10 => Waste is the result of human activities and everyone needs to have a proper understanding of waste management issues, without which the success of even the best conceived waste management plan becomes questionable.</p> <p>A12 => The main objective of food preservation has been on controlling microbial populations, with a specific emphasis on pathogenic microorganisms. Food preservation implies inhibiting the growth of microorganisms.</p> <p>A15 => The Core objectives of the Swachh Bharat Mission (SBM) are to bring about an improvement in the General quality of life in the rural areas, by promoting cleanliness, hygiene and eliminating open Defecation and to accelerate sanitation coverage in rural areas to achieve the vision of Swachh Bharat</p> <p>A3 => E paper outlines rain water harvesting is being frequently used these days, however, the concept of water harvesting is not new for India. Water harvesting techniques had been evolved and developed centuries ago</p> <p>A8 => The current scenario of India depicts that it is 4th largest user of cash in the world. Government of India has taken initiative to promote a cashless economy through digital payment but still many people are illiterate towards cashless transaction</p>	100	100
---	------------	-----------------------------	---	---	-----	-----

3	2HN20EC003	ADARSH SAJJAN KAMMAR	<p>5</p> <p>A1 => Bringing about improvements in participation and performance of student is regarded indispensable. For educational institutions to enhance their reputation and to achieve educational goals, it is necessary to encourage students to participate and perform well</p> <p>A10 => Waste is the result of human activities and everyone needs to have a proper understanding of waste management issues, without which the success of even the best conceived waste management plan becomes questionable.</p> <p>A3 => E paper outlines rain water harvesting is being frequently used these days, however, the concept of water harvesting is not new for India. Water harvesting techniques had been evolved and developed centuries ago</p> <p>A6 => Growing concerns about climate change, resource depletion, and the need for sustainable development, there is an increasing emphasis on energy conservation and efficiency. Energy consumption plays a crucial role in shaping the environmental, economic, and social landscape of our world.</p> <p>A8 => The current scenario of India depicts that it is 4th largest user of cash in the world. Government of India has taken initiative to promote a cashless economy through digital payment but still many people are illiterate towards cashless transaction</p>	100	100
---	------------	-------------------------	--	-----	-----

4	2HN20EC004	AISHWARYA UDAYA DUDAGANVI	5 <p>A10 => Waste is the result of human activities and everyone needs to have a proper understanding of waste management issues, without which the success of even the best conceived waste management plan becomes questionable.</p> <p>A2 => To create awareness among people on Digital transactions to better India as Digital India, we conducted this activity at Nidasoshi under the permission of development officer of Gram Panchayat for a period of 15days.</p> <p>A3 => E paper outlines rain water harvesting is being frequently used these days, however, the concept of water harvesting is not new for India. Water harvesting techniques had been evolved and developed centuries ago</p> <p>A6 => Growing concerns about climate change, resource depletion, and the need for sustainable development, there is an increasing emphasis on energy conservation and efficiency. 2023-24

AICTE ACTIVITY REPORT

S.NO	USN	Student Name	Name of The Activity
1	2HN20CS002	ABHISHEK BOLLARAPPU	CREATING AWARENESS ON RAINWATER HARVESTING
			CREATING AWARENESS ON IMPROVING HEALTH PARAMETERS OF VILLAGERS
			CONTRIBUTION TO ANY NATIONAL LEVEL INITIATIVE LIKE SWACHH BHARAT
			CREATING AWARENESS AND FACILITATING DIGITAL MONEY TRANSACTIONS
			CREATING AWARENESS ON RURALS KILL DEVELOPMENT
2	2HN20CS003	ADITYA YALLAPPA KESARKAR	CONTRIBUTION TO SWACHH BHARAT ABHIYAN
			CREATING AWARENESS AND FACILITATING DIGITAL MONEY TRANSACTIONS
			CREATING AWARENESS ON RAIN WATER HARVESTING
			CREATING AWARENESS ON RURAL SKILL DEVELOPMENT
3	2HN20CS004	AISHWARYA S BANNURI	CREATING AWARENESS AND FACILITATING DIGITAL MONEY TRANSACTIONS
			CREATING AWARENESS ON RAIN WATER HARVESTING
			CONTRIBUTION TO SWACHH BHARAT ABHIYAN
			CREATING AWARENESS ON WASTE MANAGEMENT
4	2HN20CS005	AKHILA D RENDALE	CREATING AWARENESS ON RURALS KILL DEVELOPMENT
			CREATING AWARENESS AND FACILITATING DIGITAL MONEY TRANSACTIONS
			CREATING AWARENESS ON RAIN WATER HARVESTING
